

December 15, 2011

Governor Rick Snyder
P.O. Box 3013
Lansing, MI 48909

Dear Governor Snyder:

We, the undersigned Federal, State, and Local elected officials representing the City of Detroit and other impacted jurisdictions, write to express our concerns regarding Michigan's Emergency Manager Law, its prior applications, and its possible pending application to the City of Detroit. We would respectfully request a meeting with you at your earliest possible convenience prior to your Administration taking any further legal actions under the Emergency Manager Law.

Thus far the Emergency Manager Law has been applied to the cities of Benton Harbor, Ecorse, Flint, Hamtramck, Highland Park, and Pontiac; the Village of Three Oaks; and the public school system in Detroit and Inkster. Application is also pending in the City of Allen Park. Although we come to this matter from a variety of differing perspectives and ideologies, we all share in the belief that applications of the Emergency Manager Law have the potential to irreparably and irreversibly undermine both voting and collective bargaining rights in our State. Democracy is the cornerstone of our Nation and the fundamental principle upon which all of our other rights and liberties are premised. It therefore goes without saying that any effort to unilaterally appoint an unelected individual in place of an elected Mayor, Council and other officials raises considerable questions about our State's commitment to that principle.

We also have a particular concern that the Emergency Manager law may be being disproportionately applied to disenfranchise persons of color. As a matter of fact, it is our understanding if you choose to appoint an Emergency Manager to oversee Detroit, that would mean that approximately 50% of all of the African American citizens in the State would be living under the authority of unelected managers.

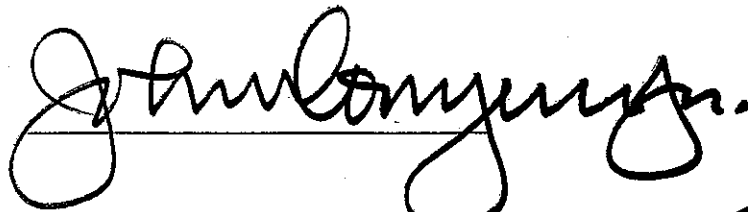

We would also note our serious concern that your Administration may be pursuing additional stop-gap legislation in an effort to thwart any voter led initiative seeking to revoke the underlying Emergency Manager Law. If true, that would mean that not only would voters in covered jurisdictions be unable to elect their own representatives, but voters state wide would be prevented from using the initiative process to best reflect their own views and judgments.

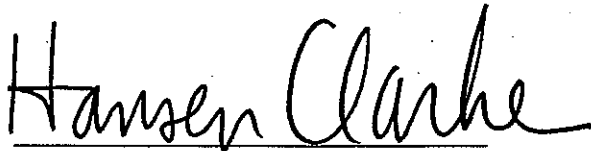

In terms of collective bargaining rights, we would simply observe that our State is one where collective bargaining rights have been hard fought and long cherished. The thought that an unelected bureaucrat would have the power to unilaterally terminate collective bargaining agreements outside a court of law is legally troubling and morally alarming. We are aware of no precedent where such broad and unchecked authority has been granted to a single unelected individual in any other State.

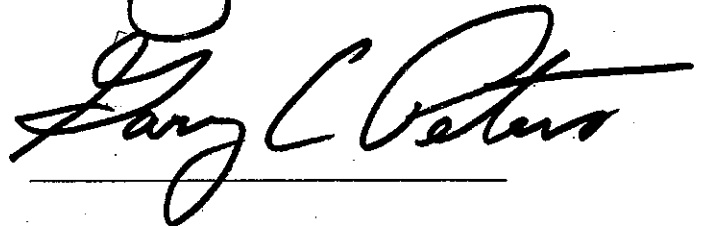

The purpose of our letter is not to necessarily challenge the underlying legality or constitutionality of the Emergency Manager Law – that is well covered in pending legal actions and a letter from Rep. Conyers to the U.S. Attorney General. Rather, the purpose of our proposed meeting with you is to discuss and highlight issues with regard to the public policy aspects of the Emergency Manager Law and the manner it is being applied to our constituents.

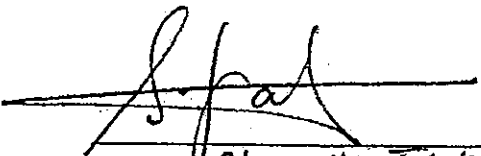

All of us appreciate the depths and complexity of the financial problems facing Detroit and the other jurisdictions impacted by the Emergency Manager Law. We are also aware that the crisis is itself part of a constellation of interrelated budget and legal issues, including whether and the extent the State itself may not be bearing its financial responsibility to Detroit and other covered jurisdictions. Given the significance, the stakes, and the sui generis nature of this matter, we believe your meeting with the duly elected representatives of the people whose everyday lives would be impacted by your decisions would best serve the interests of all parties.

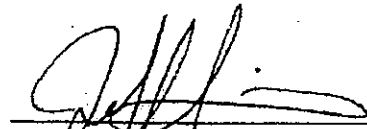

Sincerely,

Handwritten signature of John Conyers in cursive script, positioned above a horizontal line.

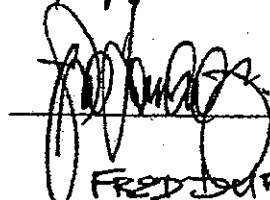

Handwritten signature of Hansen Clarke in cursive script, positioned above a horizontal line.

Handwritten signature of Gary C. Peters in cursive script, positioned above a horizontal line.
