

Case No. 13-53846

February 22, 2014

Judge Steven Rhodes
United States Bankruptcy Court
Eastern District of Michigan
Southern Division
211 W. Fort St, Suite 1800
Detroit, MI 48226

When I got my job with the City of Detroit
I wanted to work with the city because
of all the benefits it offered.

I am heart broken.

My husband is blind + on Dialysis
Three times a week it takes gas a lot
of gas.

We need the best insurance we can
get.

If cut or any part of our or my money
gets cut I might as well dig a hole
in my back yard to lay us both to
rest because I surely can not or
will not ~~be~~^{able} to pay for a funeral.
I would have to choose food before health
care. It will also put me to ~~go~~ go
the soup line. Please help me to
keep all my retirement benefits.

Sincerely,
Binnie L. Boatner

P.S. Hands off our business
