

Case # 13-53846

2-22-14

Judge Steven Rhodes
Clerk of the Court

My name is FELICIA D. Jones I worked as a civilian employee for the City of Detroit Police Department as a Senior Identification Technician for 31 1/2 years. I can't afford any cuts to my pension because it will effect my living, eating, sleeping and overall health. I need to take CARE ^{NOT} ONLY of myself but 81 year old mother. I must take 3 medications daily. I have pills to pay high deductibles for health care. I also care for my two grandchildren. If you cut my pension that I earned I will be devastated financially and mentally. When I signed a contract on 3-12-79, I agreed and was promised a lifetime of health care coverage for life. I worked hard to service the public every day. First my pension was taxed in 2011. And now here comes this Plan of Adjustment. I worked at the Ragged 1300 Beaubien and I was injured several times. I had knee surgeries, left elbow surgery, all to do my job, service the public. I always came back to work with the knowledge of the great ending, lifetime health care + pension.
