The death of a prisoner who had been housed at Charles Egeler Reception and Guidance Center and a prisoner at Lakeland Correctional Facility were reported on April 15. A prisoner who had been housed at Women's Huron Valley Correctional Facility and had tested positive for the virus died at a local hospital April 14 due to cardiac arrest. A prisoner who had been housed at Parnall Correctional Facility and tested positive died at a local hospital April 13. On April 11 the department reported prisoners at Charles Egeler Reception and Guidance Center C- Unit and the Duane

Waters Health Center had passed away. On April 10, the department reported the passing of prisoners at Lakeland Correctional Facility and Women's Huron Valley Correctional Facility. The prisoner who died at WHV had not been tested at the facility and was not a close contact or a patient under investigation. After her death, the hospital tested her for COVID-19 and the positive test result came back April 10. The passing of three prisoners including two prisoners from Parnall Correctional Facility and one from Detroit Reentry Center, was announced on April 9. A prisoner who tested positive at Lakeland Correctional Facility and was taken to the hospital for further treatment also died on April 7. The MDOC on April 1 had its first death of a prisoner who tested positive for COVID-19. He was housed at Parnall Correctional Facility. This prisoner had not previously been tested and had never told healthcare that he was feeling sick. He was found unresponsive in his cell and was taken to the hospital, where he died. The hospital then tested him and the results came back positive for the virus.
